

Crane Training Schools Kitchener

Crane Training Schools Kitchener - We have designed many Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the skilled operator who needs certification or re-certification, and for inexperienced operator who is looking for a job in the business. Positions for crane operators are in demand because of their high pay. Operators of cranes are among the highest paid of whatever heavy machine operator.

Our Crane Operator training provides instruction for different mobile cranes. Course subject includes Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Load Charts, Rigging, and Signaling.

The program is most suitable for crane operators, riggers and their supervisors. The materials incorporated in the course will consist of a manual and many useful handouts. The illustrated safety instruction manual consists of 100 to 250 pages, which depends on the course, of vital and helpful material. Course materials include load exercises and load charts for the crane with which the individual training is working.

More than half of the course involves Hands-On Safety Training. Practical training is useful for developing and increasing personnel skills levels. Just qualified journeyman crane instructors are selected to teach the courses. Our instructors possess many years of business experience.

For all the course we provide, we can include optional testing mechanisms to customize your training. A skills test is generally administered for programs which consist of H.O.S.T. Trainees would be graded and tested.

We offer certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Training and Certification; In-The Seat Training and Certification & Testing.
